

The Open Loop Series is designed for cables with larger plugs.

Located in the middle of the strap is a section of material that opens, allowing you to slide in a cable. Simply press the flap down on the cable for a secure hold.

The strap stays attached and is ready to bundle, organize and store just about any cord or cable. Wrap the remaining strap bundle for a reusable and secure hold.

- Easy to use
- Attaches at one end
- Stays attached to cable

- Stays on the cable
- Identify & Mark your gear.
